Appendixes to *The Annual Report on the Economic Status of the Profession, 2025–26*

Appendix I. Compensation for Full-Time Faculty at Institutions with Faculty Ranking Systems, by Institution, 2025–26

Appendix II. Compensation for Full-Time Faculty at Institutions without Faculty Ranking Systems, by Institution, 2025–26

Appendix III. Compensation for Part-Time Faculty Paid per Course Section, by Institution, 2024–25

Notes:

Details on survey methodology, definitions of institutional categories, and abbreviations used in the appendixes are provided in the "Explanation of Statistical Data" section of *The Annual Report on the Economic Status of the Profession, 2025–26.*

These appendixes and other related data products are available in Microsoft Excel and other formats. Please visit https://research.aaup.org/order for more information about available data products.

Summary statistics for the *Annual Report* were calculated using preliminary data received by March 21, 2026. These appendixes include data and revisions received by July 15, 2026. Institutions with data revised or submitted after March 21, 2026, are marked with an asterisk (*).

23. Factor used to convert 11-/12-month contracts to 9-/10-month equivalent: 0.91667.
24. Excludes some faculty whose base salary falls well outside the norm for a particular rank.
25. Full-time continuing faculty salary information was excluded from the dataset due to concerns about data validity.
26. Starting in 2025-26, data are reported for total university rather than by campus. Includes Fairbanks, Anchorage, and Southeast campuses. Full-time continuing faculty salary and full-time faculty benefits information was excluded from the dataset due to concerns about data validity.
27. Starting in 2020-21, data are reported for total university rather than by campus.
28. Due to the restricted reporting format on Form 2 where figures are asked to be reported by a gender binary (i.e., men and women), one Assistant Professor who identifies as non-binary for their gender identity has been categorized as a man based on their biological sex.
29. Beginning in 2023-24, University of California-Davis has excluded Veterinary Medicine faculty per AAUP instructions. Results may not be comparable to prior years.
30. Retirement benefits are estimated based on a percentage of total pay per the HR office.
31. University of South Florida has consolidated to form one University instead of a system; henceforth, the data will be reported as one university (previously three) under the IPEDS Unit ID 137351.
32. Salary amounts include endowed professorships or chairs.
33. Instead of 9-month contracts, Georgia College & State University administers 10-month contracts.
34. Full-time faculty benefits information was excluded from the dataset due to concerns about data validity.
35. Earlham's Associate Divisional Deans have been included in the current year's reporting, but their additional pay/stipend has been excluded from their salary. Earlham's visiting assistant professors were reported at the Instructor rank in prior year reporting, but are reported at the assistant professor rank in the current year reporting.
36. University formerly known as Indiana University - Purdue University - Fort Wayne.
37. Beginning in 2025-26, average faculty salaries reported on Form 2 reflect base pay only. In prior years, salary data included additional pay such as stipends, which may have resulted in higher average figures. As a result, average salaries may appear lower than in previous years; this does not indicate an actual decrease in faculty compensation, but rather a refinement in reporting methodology.
38. Faculty with University endowed chairs were excluded.
39. All full-time faculty are on 9-/10-month contracts.
40. The University of Maine at Machias is now part of the University of Maine and the figures in this survey include both campuses.

© 2026 American Association of University Professors

NOTES TO APPENDIXES I AND II

41. Some faculty members are on 10-month contracts, and graduate faculty members are on 12-month contracts.
42. USNA faculty are on 10 month contracts; salary numbers are reported out as accurately as possible given the difference in contract length.
43. Mount Holyoke College assigns a "visiting" title to some faculty members on short-term (1- to 3-year) appointments. These have been reported at the instructor rank.
44. Base salary amounts for Professors include individuals in endowed and chaired professorships; these indiviudals do not receive additional/separate compensation for such positions.
45. Includes Arts and Sciences, Engineering, School of Dental Medicine, Public Health faculty members in the School of Medicine, Cummings School of Veterinary Medicine, Fletcher School of Law and Diplomacy, and Friedman School of Nutrition Science and Policy.
46. Includes faculty data for Ferris State University's Kendall College of Art & Design.
47. Prior to 2024-25, College of Saint Benedict and Saint John's University were reported separately.
48. All full-time faculty are on 9-month contracts.
49. Conversion factor changed from 1.0 to 0.87 beginning in 2025-26.
50. Salary includes the 7% special benefit for all benefits eligible faculty over the age of 40.
51. Faculty who have an institutional rank of Lecturer and receive a post-doctoral fellowship are reported under the rank of Lecturer.
52. Salary includes university-funded (not grant-funded) research allowances paid to all faculty on 9-month contracts.
53. Partial or full tuition waiver at this institution, depending on hire date. Partial waiver at other institutions (but not through a consortium or Tuition Exchange).
54. Full-time faculty benefits information was excluded from the dataset due to concerns about data validity. Conversion factor based on converting an 11-month contract to a 10-month equivalent.
55. Includes Brentwood, Brooklyn, Hudson at Westchester, Post, and Riverhead campuses.
56. By terms of the collective bargaining agreement, full-time faculty at Stony Brook University receive "location pay" of $4,000 each to account for the high cost of living in the region. Location pay is included in salary amounts.
57. Missing gender variable values for some faculty have been assigned imputed values in alignment with federal reporting standards, per AAUP instructions.
58. Davidson College provides employees $750 or $1,500 toward an HSA account for those that elect the high deductible health plan. HSA contributions are not reflected on this year's AAUP survey.
59. Basic science faculty housed in the medical school are included in the survey population because these faculty more closely resemble non-medical school faculty than other medical school faculty.
60. Salaries include administrative stipends for some full-time faculty members.
61. Ranked faculty on contingent (non-tenure-track) appointments with titles such as "visiting assistant professor" were reported at the instructor rank, contrary to AAUP instructions.
62. Salaries converted manually to 9-month equivalent for 11- and 12-month faculty using 0.818 and 0.75 conversion factors, respectively.
63. Includes Lancaster Theological Seminary faculty.
64. Includes Great Valley, Harrisburg, and Erie campuses. Salary amounts include endowed professorships or chairs.
65. Includes Abington, Altoona, Beaver, Berks, Brandywine, DuBois, Fayette, Greater Allegheny, Hazleton, Lehigh Valley, Mont Alto, New Kensington, Schuylkill, Shenango, Wilkes-Barre, Worthington Scranton, and York campuses. Salary amounts include endowed professorships or chairs.
66. Prior to 2024-25, Saint Joseph's University excluded non-tenure track faculty. Data prior to 2024-25 may not be comparable.
67. Excludes the college's substantial contribution to Health Savings Accounts for faculty opting into High Deductible Health Plans, grossly underrepresenting the college's contribution to employee health care.
68. Prior to 2024-25, University of Pennsylvania excluded full-time non-tenure-track faculty from its AAUP data. University of Pennsylvania AAUP data now includes non-tenure-track, full-time lecturers. Data prior to 2024-25 may not be
69. The University of Pittsburgh at Titusville is under the management and administration of the University of Pittsburgh at Bradford. In May of 2024, the first University of Pittsburgh collective bargaining agreement for faculty was ratified. Salary increases for FY2024 were under negotiation at the time of last year's submission. Therefore, FY2025 salaries included increases for both FY2024 and FY2025.

© 2026 American Association of University Professors

70. In May of 2024, the first University of Pittsburgh collective bargaining agreement for faculty was ratified. Salary increases for FY2024 were under negotiation at the time of last year's submission. Therefore, FY2025 salaries included increases for both FY2024 and FY2025.
71. In fall 2020, the University of Pittsburgh at Titusville converted its academic programs into a multi-institution education and training hub. The University of Pittsburgh at Titusville Education and Training Hub operates as a shared campus, providing a range of education and workforce training programs. In May of 2024, the first University of Pittsburgh collective bargaining agreement for faculty was ratified. Salary increases for FY2024 were under negotiation at the time of last year's submission. Therefore, FY2025 salaries included increases for both FY2024 and FY2025.
72. Full-time faculty salary data includes additional salary provided for endowed positions.
73. All full-time faculty are on 12-month appointments. Full-time continuing faculty salary information was excluded from the dataset due to concerns about data validity.
74. Benefits data estimated from last year's data.
75. Prior to 2025-26, Furman University excluded full-time non-tenure-track faculty members from the data reported to AAUP. Data from prior years may not be comparable.
76. Augustana University has seen significant growth in the last two years with the introduction of its Doctor of Physical Therapy (DPT) and Occupational Therapy Doctorate (OTD) programs, adding multiple full-time and adjunct positions.
77. All full-time faculty are on 12-month appointments.
78. Includes faculty members teaching at least 3/4 of a full teaching load, reported at their full-time equivalent salary.
79. Beginning in 2024-25, salaries include endowed professorships.
80. Includes Everett, Pullman, Spokane, Tri-Cities, and Vancouver campuses.
81. Conversion factor changed from 0.75 to 0.818 beginning in 2025-26.
82. Includes Owens, Stanton/George, and Terry campuses.

83. Minimum pay value represents the minimum rate for Lecturer A. This rate is systemwide.
84. All courses are graduate level and therefore do not meet the survey criteria.
85. Excludes data points for part-time faculty members who are compensated in addition for their responsibility outside of their teaching duties. There is no distinction in the portion of the salary that is associated with their teaching responsibility. In addition, part-time faculty members who exclusively teach clinics were excluded as well.
86. Most regular course sections are four credits. Pay has not been converted to a three-credit equivalent pay.
87. Teaching load is based on courses, not credit hours. One course is the equivalent of 4 credit hours.
88. Compensation for part-time faculty at UC is determined by individual qualifications, including experience, discipline, seniority, and level of effort. Pay is not established on a per-course-section basis.
89. Count is for Denver/AMC consolidated, excluding School of Medicine.
90. Includes Owens, Stanton/George, and Terry campuses.
91. Minimum pay per course section is based on the minimum pay per credit hour ($1,350).
92. Pay is on a course-unit basis, where all course sections are roughly equivalent to 4 credits.
93. University of South Florida has consolidated to form one University instead of a system; henceforth, the data will be reported as one university (previously three) under the IPEDS Unit ID 137351.
94. All part-time faculty are salaried.
95. Minimum pay per course section is based on the minimum pay per credit hour ($1,304).
96. The maximum per-course-section salary amount is inclusive of courses that require special expertise or professional credentials to teach the section.
97. Most regular course sections are four credits. Pay has been converted to a three-credit equivalent pay.
98. Minimum pay per course section is specified in a collective bargaining agreement that covers most part-time faculty, but not all. In addition, some units have hourly pay structures that apply.
99. Most part-time faculty teaching undergraduate course sections are covered by a collective bargaining agreement that specifies the minimum pay per course section.
100. University formerly known as Indiana University - Purdue University - Fort Wayne.
101. Allen College has limited (less than 5) part-time faculty who teach undergraduate classes on a per-course-section basis meeting the AAUP criteria for inclusion. Figures are not reported due to data privacy concerns.
102. Luther College has limited (less than 5) part-time faculty who teach undergraduate classes on a per-course-section basis meeting the AAUP criteria for inclusion. Figures are not reported due to data privacy concerns.
103. Mean pay per section cannot be provided because pay is based on load hours, not credit hours. The information represents the number of undergraduate part-time faculty only.
104. All part-time faculty teach courses that are equivalent to 4 semester hours. Salaries have not been converted to 3 credit hours.
105. Part-time faculty excludes those teaching private lessons and those who are paid per student or pro bono.
106. The University of Maine at Machias is now part of the University of Maine and the figures in this survey include both campuses.
107. Minimum pay per course section is based on the minimum pay per credit hour ($1,050) for FY 2024.
108. Adjunct faculty compensation is reported only for sections that meet minimum enrollment criteria.
109. Most regular course sections are four credits. Pay has not been converted to a three-credit equivalent pay. Pay amounts exclude emeriti faculty who are paid on a different scale.
110. Includes Arts and Sciences, Engineering, School of Dental Medicine, Public Health faculty members in the School of Medicine, Cummings School of Veterinary Medicine, Fletcher School of Law and Diplomacy, and Friedman School of Nutrition Science and Policy.
111. Includes faculty data for Ferris State University's Kendall College of Art & Design.
112. Per-course-section pay was calculated using actual credit hours rather than applying a standard four-credit divisor.
113. Pay per course section was omitted because multiple pay structures are used, including dual credit faculty who are paid per student enrolled rather than per course section.
114. The minimum pay is due to under-enrolled classes (typically a class needs 4-6 student enrollment), and a fully-enrolled course pays $1,850.
115. Part-time faculty can be either salaried or paid on a per-credit basis. Those paid on a per-credit basis earn $1,000 per credit.
116. Two faculty excluded due to data privacy concerns.

© 2026 American Association of University Professors

NOTES TO APPENDIX III

117. Nearly all part-time faculty members are salaried employees, with rare exceptions.
118. Pay is on a course-unit system, where courses are essentially 4 semester credits.
119. Most regular course sections are four credits. Pay has not been converted to a three-credit equivalent pay. Pay is based on highest degree level.
120. Includes Brentwood, Brooklyn, Hudson at Westchester, Post, and Riverhead campuses.
121. Minimum pay per course section is based on both contact hours (minimum $214.24 per contact hour) and an administrative service payment ($1,606.84 for 3-credit course sections), as specified in a collective bargaining agreement. The number of contact hours is variable across the university.
122. Most regular course sections are five credits. Pay has not been converted to a three-credit equivalent pay.
123. Per-course-section pay is based on the rate for 1.0 Wooster course credit (equivalent to 4 semester credits).
124. Part-time faculty pay includes classes with prorated pay due to low enrollment.
125. Includes Lancaster Theological Seminary faculty.
126. Includes Great Valley, Harrisburg, and Erie campuses.
127. Includes Abington, Altoona, Beaver, Berks, Brandywine, DuBois, Fayette, Greater Allegheny, Hazleton, Lehigh Valley, Mont Alto, New Kensington, Schuylkill, Shenango, Wilkes-Barre, Worthington Scranton, and York campuses.
128. The University of Pittsburgh at Titusville is under the management and administration of the University of Pittsburgh at Bradford. The minimum pay per course section is based on the minimum pay for part-time faculty members ($1,875 per credit) specified in a collective bargaining agreement.
129. The minimum pay per course section is based on the minimum pay for part-time faculty members ($1,875 per credit) specified in a collective bargaining agreement.
130. The minimum pay per course section is based on the minimum pay for part-time faculty members ($2,500 per credit) specified in a collective bargaining agreement.
131. All Austin College courses are offered as one "course unit", which we equate as 4 credit hours on a standard university schedule. The part-time faculty pay is for these "one course unit" courses.
132. Pay reflects rates as of November 1, 2024. There was a three percent increase in spring 2025.
133. Minimum pay per course section was based on the per-credit-hour minimum rate for Lecturer I appointments ($2,390) specified in a collective bargaining agreement. The per-credit-hour minimum rate was higher for Lecturer II appointments ($2,549) and Lecturer III appointments ($2,681), and a college, school, Professional and Continuing Education (PACE) or other academic unit was free to pay part-time faculty at a higher rate.
134. Nearly all part-time faculty at Washington and Lee University are casual employees hired on an ad-hoc basis or occasional basis to meet short-time needs.
135. Part-time faculty compensation is highly variable and depends upon course enrollments, instructor degree, and other factors. Salary information is provided based upon courses taught at the standard rate for the faculty member (per AAUP guidance).
